

1972 NATIONAL REGATTA
**AUSTRALIAN
ROWING CHAMPIONSHIPS**

LAKE KURWONGBAH, PETRIE, QUEENSLAND

Saturday, 1st & Monday, 3rd April, 1972

PRICE 40c

APPRECIATION

The 1972 National Regatta Committee wishes to extend appreciation to the following people and organisations for the assistance they have given in the Regatta preparations. To the Pine Rivers Shire Council, the Rotary, Apex and Ski Clubs of Petrie, Cheney Caravans, Mr. B. Winn, Mr. . . . F. Freeman, Wild Australia Pty. Ltd. and George Enever and Associates, The Minister for the Army, The Department for the Army, Roy Yeates and announcer David Jull of Channel O. To the Pine Rivers Rowing Club Committee and Old Boys Committee, for their whole hearted effort in preparing the venue.

We express our thanks to the Speaker of the Legislative Assembly of Queensland, The Honourable Sir David Nicholson, M. L. A., for his acceptance of our invitation to present the trophies after the finals on Monday, 3rd April, 1972.

WELCOME TO ALL VISITORS

The President and Committee of the Queensland Amateur Rowing Council have pleasure in extending a welcome to all oarsmen at the 1972 National Regatta but particularly to interstate oarsmen and our one international, G. Conway from West End Club, Auckland, New Zealand.

In addition, we welcome all visitors and supporters and trust that the programme will be interesting and exciting for all.

This is the first National Regatta that this State has had the honour to conduct and only the second interstate regatta which has been held on this course, the first being the 1971 Inter-Varsity Regatta at the middle of last year. We trust that all oarsmen find it to their satisfaction.

Events for four with cox and pair without cox will be under close scrutiny by the Grading Committee as these races are for Australian Representation at the Munich Olympic Games should satisfactory standards be obtained. In addition, the Committee has the power to add to the eight oared squad announced after the 1972 Franklin (Tasmania) King's Cup race held on 3/4 March. The standards shown at Franklin have ensured a worthy Australian eight oared entry at Munich and it will be interesting to see whether the small boat standard will be as high.

We trust that your stay in Queensland will be pleasant, that the weather will be kind and that only happy memories will prevail of the 1972 National Regatta.

E. P. EVERS,
President, Q. A. R. C.

GRAHAM ANGUS

Racing Shell and Oar Specialist

BENRONALDS STREET, JINDALEE

PHONE 76 1273

C O L O U R S

NOTICE TO COMPETITORS

COMPETITORS MUST BE IN THE STARTING BAY

FIVE MINUTES BEFORE

THE TIME APPOINTED FOR STARTING

SIGNAL TO START - The Starter shall order 'ARE YOU READY' and after a marked pause, he shall order the start - saying 'GO' and simultaneously lowering his flag.

If the starter considers the start unsatisfactory, he may, within 20 seconds thereafter, recall the competitors to their Stations.

The signal recalling competitors shall be by ringing a bell and raising his red flag.

Any competitor responsible for two false starts shall be excluded from the race.

In the event of any breakdown of an oar or boat during the first half-minute's rowing, the race shall be stopped and re-started from the original point.

Any crew or sculler leaving its or his track/course during the race, and thereby impeding by its or his wash any other competing crews or sculler, shall be liable to disqualification. A boat's true course is the shortest way to the winning post, leaving room for all opposing boats to come up level in the position in which they started.

Should the Umpire find it necessary to warn a competitor about to prejudice another competitor, he shall call the competitor by name and direct the competitor with his white flag.

Should the Umpire wish to stop a race, he shall raise a red flag and ring a bell.

FINISH - The signal to finish shall be by GUNFIRE.

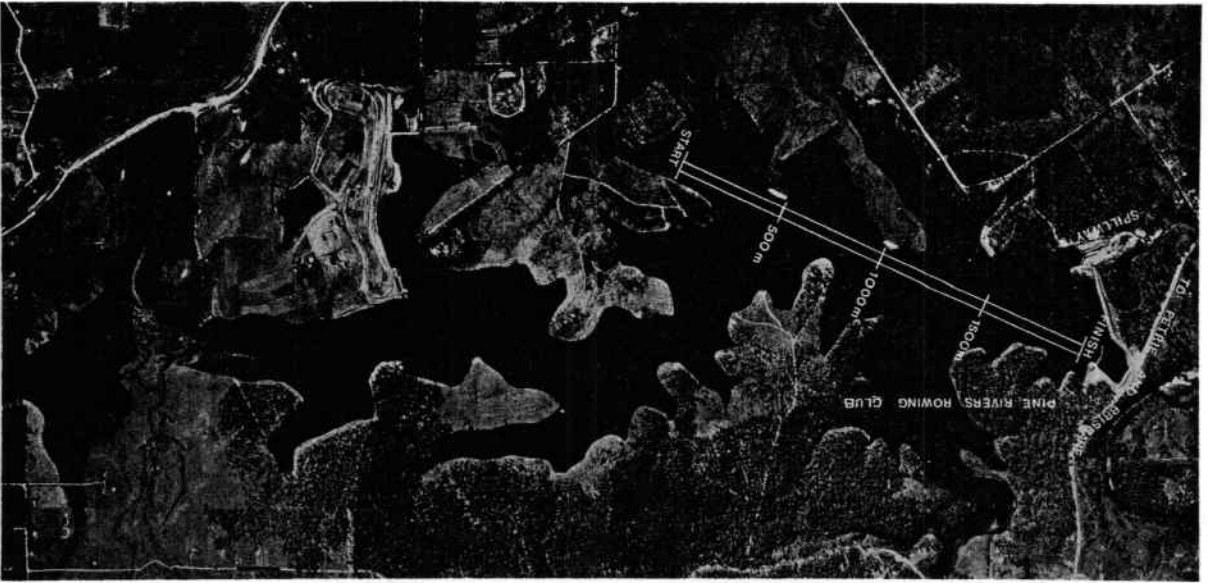

STARTING STATIONS ARE NUMBERED FROM THE WESTERN (CLUB HOUSE) BANK - i. e. the side nearest the Judge.

COXSWAINS AND LIGHTWEIGHT OARSMEN - Shall weigh in at the Pine Rivers Club House, Petrie

Coxswains and lightweight oarsmen of each winning crew which qualify for the Finals will be weighed in by the Clerk of Scales or his Deputy after each event.

STRANGE PLACE FOR A COMPUTER SALESMAN?

Not when he's an IBM Industry specialist. His job is to help customers solve information problems. Behind him is a complete back-up team of applied scientists, systems representatives, customer engineers and many others. All of them have years of education, training and experience in finding new and better ways for individual customers to use IBM equipment. Our Industry specialist must understand project

management, design engineering, process control, inventory management. He can only gain that understanding on the job. The IBM man who calls on your company brings with him a thorough understanding, a practical understanding of your business and its problems. He can show you the most effective way to apply IBM data processing to your operation. **IBM**

ANSETT AIRLINES OF AUSTRALIA

Queensland Oarsmen Flew Ansett to Tasmania
for the King's Cup 1972.

Maybe it's a place in the Red
Centre or the Barrier Reef,
Tasmania, West Australia, the
Gold Coast, perhaps New Guinea.
At Ansett we know every-
body is different. That's why we
Travel Agent knows a special
place for you.
Somewhere your Ansett Airlines
never stop searching for the
'special places'.

Somewhere in this
great big country
we know a special place
for you
