The 1984 A.P.P.M. KING'S CUP and NATIONAL REGATTA has made an indelible impression on the Australian Rowing Fraternity and in particular on the many persons throughout the country as the most successful Rowing Carnival ever held. The high attendance on the final day coupled with the constant attendance throughout the preceding four days of the National Regatta would indicate that Rowing is improving its public image and is adopting a higher profile as a truly National Sport.

The development in this regard has been occasioned by a continuation of valued corporation sponsorship, dedicated Rowing Officials, unprecedented Media Publishing and an obvious eagerness of the sporting public to witness Australia's Premier Rowing Carnival.

The Tasmanian Rowing Council thanks all participators but in particular those who travelled from New Zealand, Europe and Asia. We hope that not only participants, but also officials and the many members of the organising committees will fondly remember their involvement in this Regatta.

David Schier
 President T.R.C.
