

AUSTRALIA — 1986 WORLD CHAMPIONS

**1987 *Cadbury* KINGS CUP &
NATIONAL ROWING CHAMPIONSHIPS
LAKE BARRINGTON INTERNATIONAL
TASMANIA
1-5 APRIL**

History of the King's Cup

First won in 1919 at the Henley-on-Thames Regatta held on 2nd to 4th July of that year, this handsome trophy, a substitution for the Grand Challenge Cup race of that year, was presented by His Majesty King George V to the successful A.I.F. No. 1 crew which, along with seven others, contested the eight-oared race for competition between crews from the armies of the Allies in the 1914-1918 War.

The successful crew comprising Sgt. A.A. Robb, Derwent Rowing Club (Tas.), 11st. 10lb., bow; Lieut. F. A. House, Derwent Rowing Club (Tas.), 11st. 12lb., 2; Lieut. T. McGill, Leichhardt Rowing Club (N.S.W.), 12st. 10lb., 3; Gunner A.V. Scott, Murray Bridge Rowing Club (S.A.), 13st., 4; Lieut. H. Hauenstein, M.M., Leichhardt and Balmain Rowing Clubs (N.S.W.), 13st. 9lb., 5; Major S.A. Middleton, D.S.O., Glebe and Sydney Rowing Clubs (N.S.W.), 13st. 6lb., 6; Gunner G.W. Nettam, West Australian Rowing Club (W.A.), 11st. 12lb., 7; Captain H.C. Disher, Melbourne University Boat Club (Vic.), 11st. 1lb., stroke; Sgt. A.E. Smedley, Sydney Rowing Club (N.S.W.), cox, defeated the A.I.F. No. 2 crew in the first heat, Cambridge University in the semi-final and Oxford University in the final by a margin of one length in a time of 7 minutes 7 seconds, the other competitors being Canada, France, New Zealand and United States.

The famous trophy was left in the custody of the Australian Military Authorities, and was later handed over to the Australian War Memorial Council and placed in the Australian War Museum. On 14th May, 1920, at a conference of delegates of the Australian Rowing Associations held in Brisbane, it was decided to ask the Australian War Memorial Council for the Cup as a perpetual trophy for the Australian eight-oared Championship. This request was refused, and on 12th October of the same year a further request was made by the Victorian Rowing Association for the Cup, with the suggestion that it be kept in the Australian War Museum of the State which won the race each year. This request was also refused.

The second refusal precipitated further action by the Victorian Rowing Association, and a petition to the King prepared by it dated 30th October, 1920, and signed by Captain H.C. Disher, was sent to His Majesty with the request that he make known his wishes with regard to the disposal of the trophy. A reply dated 13th May, 1921, received from the Secretary of State for the Colonies, Mr. Winston Churchill, stated that "His Majesty commands me to inform you that it is his wish that the Cup should be used as a permanent trophy and be competed for annually in the Interstate Eight-oared Race of Australia".

The trophy was, in fact, won twice; first by the Australian oarsmen in three strenuous races and then by the Australian Rowing Administrators in three equally strenuous contests with the Australian authorities who had taken possession of it.

**WELCOME FROM THE PREMIER OF TASMANIA,
HON. ROBIN GRAY, MHA**

On behalf of the Government and people of Tasmania, I warmly welcome all competitors and officials to the 1987 King's Cup and National Rowing Championships.

Tasmania is pleased to again be hosting these titles, at Australia's premier rowing venue, Lake Barrington.

In three years' time, the King's Cup regatta will return to Lake Barrington, to be followed by the 1990 World Rowing Championships. The Tasmanian Government has assisted in the development of the course to national standard and we are pleased that Australia's and the world's best rowers are able to compete here.

With Australia established at the top of world rowing, I am sure the 1987 Championships will see exceptional competition.

While my support will lean towards the Tasmanian rowers, I also wish our visitors a successful Championship and a happy and rewarding visit to our State.

Good luck and good rowing.

(Robin Gray),
PREMIER

1986-87

AUSTRALIAN ROWING COUNCIL

President: MR. J.D. COATES

Secretary: MR. J.F. BOULTBEE

Treasurer: MR. N.F. WILKINSON, B.E.M.

National Director of Coaching: MR. R. BATSCHI

Director of Coaching Education: MR. S. GILLETT

Administrative Assistant: MISS J. MARSHALL

Councillors:

MR. W.S. COOPER (Western Australia)

DR. S. HINCHY (Queensland)

MR. D.G. CROOT (New South Wales)

MR. I. RUSSELL (South Australia)

MR. R.N. McKAY (Victoria)

MR. D. SCHIER, O.A.M. (Tasmania)

AUSTRALIAN PRESIDENT'S MESSAGE

The return of the Cadbury Australian Championship and King's Cup Regatta to Lake Barrington International provides another opportunity for Tasmanian regatta organisers and Australian boat race officials to gain experience during the preparation period for the 1990 World Rowing Championships which will be conducted at the venue. The ARC is indebted to them for organising this Regatta on short notice and to the Tasmanian Government for the further funds it has committed towards the required development of Lake Barrington.

Through the successes of our international rowers last year and the subsequent recognition they have received, rowing currently enjoys a high community profile. As Australia's most successful Olympic sport in 1986, rowing is the beneficiary of significant financial support from our national sponsor, Cadbury Confectionery, the Australian Government, (through the Sports Commission, and the Australian Institute of Sport) and the Australian Olympic Federation.

Hopefully, the recent decision of the Australian Government to grant 100% tax deductibility for donations to the Australian International Rowing Foundation will enable the ARC to provide more support for our rowers and to achieve further financial independence from State Associations and clubs.

But while international success and financial independence are worthwhile aims for the ARC, rowing as a sport and recreation remains essentially a club and school activity.

Accordingly, we must be careful that the value of rowing in terms of developing physical and moral qualities and educating young people in better understanding between each other does not become the prerogative of only our international rowers. For the traditions of our sport to continue, we have a duty to ensure that a wide sporting and recreational base is always maintained.

John D. Coates
President
Australian Rowing Council Inc.

TASMANIAN PRESIDENT'S WELCOME

Each year at countless meetings of rowing club and school committees, regional and state associations and national bodies, motions are moved to administer at all levels this fine amateur sport of rowing. Motions amount to decisions which, in turn, create history. Consider then, this motion:

"That from the lively interest which has been manifested at the various boat races which have taken place.....during the last few years, and the great influx of visitors on such occasions, this meeting is of the opinion that the establishing of an annual regatta under judicious and respectable management, would not only be productive of the most beneficial results to the town, but from its peculiar attractions would be also a source of amusement and gratification to the neighbourhood, to the competitors and to the public in general."

They were not the phrases used in the motion of the Australian Rowing Council at its Melbourne meeting on the 8th November, 1986, to allocate the 1987 CADBURY Kings Cup and National Rowing Championships to Lake Barrington. Instead, it was the motion accepted at a meeting in Henley just over 148 years ago which provided the foundation for one of the world's most popular and well known rowing events.

We accept the challenges delivered not only by the A.R.C. motion but also by the terms of the historic Henley resolution. Indeed, our ideals in 1987 are not greatly different from our forebears in the township of Henley in 1839.

We have just past the third anniversary of the opening of the Lake Barrington International Rowing Course. The extraordinary location of the facility with so many beneficial factors is extremely popular with all persons who attend the lake to participate in or observe rowing competition.

It is the fortune of Australian rowing to have the support of the State Lands Department together with the assistance provided by the Tasmanian Government in general and the Department of Sport in particular.

A time frame of four months to organise and promote the Kings Cup and National Regatta has posed a challenge equal to any confronting the stroke of a premier crew. Our sense of duty as administrators has been to match the admirable and thoroughly professional performances of Australian rowing representatives in Europe in 1986. Our Management Committee of 11 persons has worked assiduously and our efforts for the duration of the regatta will be complemented by an additional 120 volunteers.

Overall, our organising "crew" has endured and few tasks are more pleasant than providing a warm welcome to our guests from interstate and overseas and in particular New Zealand and China, who have travelled great distances at personal expense to accept the competition of Australian rowers. I am sure that if the spirited contests on the water can be complemented by the traditional fellowship on land, the experience will be worthwhile. A special greeting is reserved for Their Excellencies the Governor-General and Lady Stephen for whom the Australian rowing membership have much affinity.

World standard performances on Lake Barrington International, coupled with the invaluable contribution of all sponsors and media and the exceptional work of all regatta organisers, will ensure the conduct of a memorable and friendly rowing carnival.

On behalf of the Tasmanian rowing fraternity and the manager at lakeside, Mr Rod Baker, a warm greeting to all.

DAVID SCHIER OAM.

Notice to Competitors

Secretary's Office: The Regatta Secretary's Office is located upstairs in the main facilities building adjacent to the Finish.

Weigh-in Station: The Weigh-in station is located in a van adjacent to the Boat-House.

Starting Times: Competitors are to be within the Start Zone five minutes before the time appointed for starting their event, and must be in their starting position at least two minutes before the laid down time for the start of their event.

Late arrivals: The Starter may warn or exclude from the race any crew arriving at its starting position less than two minutes before the scheduled starting time. A warning has the same effect as one given for a false start.

Starting Procedure: As soon as the Judge at the start indicates that the boats are properly aligned by raising a white flag, the Starter raises a red flag — the Starter shall give the warning command "ARE YOU READY" and, after a clearly marked pause, the starting command "GO" at the same time lowering the red flag to one side.

False Start: If a crew starts too soon, the Starter stops the race by ringing a bell and then waving a red flag. In the case of a false start the Starter warns the offending crew or crews. A crew causing two false starts shall be excluded from the race.

Equipment Damage: If a crew while still on the first 100 metres of the race indicates that it has suffered damage to its boat or equipment, the Starter or Umpire stops the race. The signal by an Umpire to stop the race shall be by ringing a bell and waving a red flag.

Umpire's Directions: The Umpire may not steer a crew unless there is an obstacle in its lane. If a crew is about to impede another by its wash or by leaving its lane, the Umpire raises a white flag and calls the crew at fault, indicating the required change of direction by lowering the flag to one side. If a crew is about to cause a collision, the Umpire may call its attention by raising the white flag and stop it by giving the command "STOP". Crews interfering with their opponents may be excluded from the race.

Finish: The Judges at the finish shall indicate the crossing of the line by the winning crew and each other crew in the race by sound signal.

Coxswains: Coxswains shall weigh in at 4.00 p.m. on Tuesday 31st March 1987, or not more than two hours and not less than one hour before their first race in the regatta.

Lightweight Competitors: Lightweight competitors shall weigh in not more than two hours and not less than one hour before their first race on each day of racing.

Competing Boats: The bows of all competing boats shall be fitted with a white ball 4cm. in diameter in soft rubber or similar material unless the bow is so constructed as to afford equivalent protection and visibility.

Lane Numbers: All competing boats shall carry a numbered disc showing the lane number in which it will race in each event. Lane number discs will be supplied by the Regatta Officials at the launching area, and must be returned to them immediately upon the return of each crew to the launching area.

Scratchings: Scratchings shall be notified at the Secretary's Office at the earliest possible time, but not less than one hour before their respective event.

Substitutes: Substitutes in any crew shall be notified at the Secretary's Office and shall be made in accordance with regulation 5.10(i).

Winning crews: All winning crews and scullers are to proceed direct to the Victory Dais for the presentation of trophies and medallions immediately after the race concludes. Other competitors are required to wait for the winner to lead the way to the Dais, after which they should proceed in an orderly line (preferably in order of finishing, 2nd to 6th) back to the launching pontoons.

Briefing of Competitors: A meeting of coaches, rowers, coxswains, scullers, umpires and starters shall take place at the Lake Barrington course, in the late afternoon (exact time to be notified per Public Address) on Tuesday 31st March 1987.

A further meeting specifically for school competitors shall take place at the course at 4.00 pm on Friday 3rd April 1987.

Status of Competitors

School: A School competitor is one who is attending a secondary school as a full time day student and representing his/her school. This definition also applies to the coxswain of a School crew.

Junior: A competitor ceases to be a Junior on 31st December of the year in which he/she reaches the age of eighteen. This definition also applies to the coxswain of a Junior crew.

Senior B: A competitor ceases to be a Senior B on 31st December of the year in which he/she reaches the age of twenty-two. After that date he/she shall be classified as a Senior A.

Lightweight: Lightweight races are restricted to male rowers weighing 72½ kilograms or less and female rowers weighing 59 kilograms or less in the case of single sculling races, and in all other classes of boats to male rowers weighing 72½ kilograms or less and female rowers weighing 59 kilograms or less provided that the average weight of all members of the crew in which such rower races (excluding the coxswain) does not exceed 70 kilograms in the case of male rowers and 57 kilograms in the case of female rowers.

Youth: An oarsman may row in Youth events up to 30th June following his 19th birthday. This definition also applies to the coxswain of a Youth crew.

Senior A: All rowers shall be eligible to compete in Senior A category (in the appropriate weight division) and a Junior rower may compete in Senior B category (in the appropriate weight division).

Coxswains: Coxswains shall be deemed to be members of a crew. A women's crew may not be steered by a man nor a men's crew steered by a woman. There shall be no age limit for coxswains in races for Senior crews. The minimum weight for a coxswain is 50kg. for men and 45kg. for women and juniors provided that the minimum weight for the coxswain of a lightweight women's crew when entered in a lightweight event is 40kg.

● THE WAY TO THE FINALS ●

1-6 crews.....	All crews go directly to Final
7-8 crews.....	2 Heats — each winner to Final 1 Repechage — first four to Final
9-12 crews	2 Heats — each winner to Final 2 Repechages — first two in each to Final
13-15 crews.....	3 Heats — each winner to Semi-Final 1 Repechage — first three to Semi-Final 2 Semi-Finals — first three in each to Final
16-18 crews.....	3 Heats — each winner to Semi-Final 3 Repechages — first three in each to Semi-Final 2 Semi-Finals — first three in each to Final
19-24 crews.....	4 Heats — each winner to Semi-Final 4 Repechages — first two in each to Semi-Final 2 Semi-Finals — first three in each to Final
25-36 crews.....	6 Heats — each winner to Semi-Final 6 Repechages — each winner to Semi-Final 2 Semi-Finals — first three in each to Final

POWER BOAT USAGE

The course shall be CLOSED to all power boats, except official craft from a point 250 metres north of the START to a point 250 metres south of the FINISH; from one hour prior to the scheduled starting time of the first race each day, until half-an-hour after the conclusion of the final race for the day.

At other than the above times, coaches may launch and retrieve motorboats PROVIDED they do not follow crews in the vicinity of the course proper. There are no restrictions beyond the START and FINISH extremities where there are approximately 8kms of water in either direction.

Caution: There are few landing places elsewhere on the lake for either crews or power boats, and the northern reaches toward the Devil's Gate Dam occasionally become fairly rough.

ROWING AGAIN WELCOMES OUR HOST BROADCASTER, THE AUSTRALIAN BROADCASTING CORPORATION, TO LAKE BARRINGTON INTERNATIONAL, AND THANKS THEM FOR THEIR CONTRIBUTION TO THE 1987 CADBURY KINGS CUP AND NATIONAL CHAMPIONSHIPS REGATTA.

PUTTING OUR RESOURCES TO GOOD USE

Lake Barrington is one of the world's finest rowing courses.

It's also a major source of energy and an integral part of Tasmania's non-polluting hydro-electric power system.

Lake Barrington became a great rowing course because a group of far-sighted Tasmanians realised that this water storage could be many things to many people. They realised that the more varied the use, the greater the value to the community.

That's an attitude and philosophy shared by APPM, because we also manage a valuable resource. As Tasmania's biggest forest products enterprise, we want to see all the state's forests managed properly so we can go on creating employment and community earnings through the manufacture of fine writing and printing papers, timber, timber veneers, furniture, and many other products.

But like Lake Barrington, the forests of Tasmania are much more than an industrial resource. They are also there to be enjoyed. And enjoyed they are, by photographers, bushwalkers, orienteers, bird watchers, trail riders, native orchid fanciers, picnickers and car rally enthusiasts, to name just a few.

APPM is proud of the forests it manages, and we like to see people enjoying them. Apart from anything else, we want Australians to take the opportunity to see for themselves just how well we care for the forests.

APPM *Tasmania is our future too.*

PIONEER SETTLEMENT GOWRIE PARK

The Black Stumps Pioneer Settlement is unique in Tasmania's tourist attractions, located at Gowrie Park.

You can relax and enjoy the wonderful scenery whilst you watch some of the pioneer demonstrations, sip a glass of beer, sample a steak or enjoy a three course meal.

The Black Stumps is a licensed restaurant (50 chairs) where you can hold a party, function, wedding or a special occasion because our party room will accommodate 100 persons.

Coach tour bookings are welcome and transport can be arranged for a party of 20 or more.

The Black Stumps where you are assured of personalised attention and friendly service, is just half an hour from the Abel Tasman on the road to Cradle Mountain and within 20 km. of Lake Barrington Rowing Course.

Pioneer activities on display include:

Working Bullock Team,
Draft Horses, Blade Shearing,
Working Blacksmith Shop,
Shingle Splitting,

We are not open everyday but call in on your way past or phone us for more information on (004) 91 1385 or (004) 91 1410 or write to:
The Black Stumps,
Gowrie Park,
R.S.D. 851, Sheffield 7306.

Lake Barrington

BECAUSE WE ALL PULL TOGETHER

Even before work began in 1964 on the Mersey-Forth Hydro-Electric Power Development, it was obvious to the Hydro-Electric Commission that Lake Barrington would be a "natural" for water sport and family recreation.

And that's why, before filling the lake the Hydro-Electric Commission arranged to make the waters safe.

It meant clearing between the high and low water mark — around the whole 56 kilometre shoreline of the lake. It meant taking all the usable timber and clearing and burying the resulting debris. In some cases, it

meant tying logs down so they wouldn't float to the surface.

And the HEC's involvement doesn't stop there.

When a major rowing event is held on the 2.5 kilometre international course the HEC tries to keep the level of Lake Barrington within 1 metre of the high water mark.

Every time a boat slips into Lake Barrington, it does so because of a lot of forethought and quiet, careful work by the Hydro-Electric Commission.

Hydro power and recreation go hand in hand in many parts of Tasmania.

POWER WITHOUT POLLUTION

We have
to be
better.
We fly
longer.

Qantas has the longest average flight length of any passenger airline in the world.

We have to keep you happier for longer.

If we're not better, we're not in business. We've now been in business for 65 years.

And when you fly with us you'll find out why.

We'll go to any length to cater to your every whim.

Because we have to.

 **QANTAS**
THE SPIRIT OF AUSTRALIA

HISTORY OF THE INTERSTATE AND NATIONAL ROWING CHAMPIONSHIPS OF AUSTRALIA

Interstate rowing competition in Australia originated in four-oared gigs, the first recorded race being held in 1863 on the Paramatta River in New South Wales over a distance of three miles. New South Wales and Victoria were the competing States, the first named being the winner in a time of 19 minutes 25 seconds. A number of contests followed in this class of boat between crews from New South Wales, Victoria and Tasmania, often with more than one Club crew from each State taking part in the competition.

Rowed in Melbourne over a distance of four miles in 1878, the first Interstate eight-oared race contested between New South Wales and Victoria was won by Victoria, and continued as an annual event between them until 1885 when Queensland and Tasmania joined the competition followed by Western Australia and South Australia in 1897 and 1899 respectively. The records show that up until 1890, New South Wales and Victoria were the principal contestants with New South Wales recording its first victory at the second meeting in 1879. Following their re-entry to the competition in 1890, Queensland recorded its first win in 1891, followed by Tasmania in 1906, South Australia in 1913 and Western Australia in 1921 at Launceston.

The first men's Interstate Single Sculling Championship won by M.J. Slack representing Queensland was rowed at Brisbane in 1892 in conjunction with the already well established eight-oared race, and since 1895 has been an annual event on the Interstate rowing calendar.

Interstate Challenge races for women commenced in 1912 when a Brisbane Ladies' Rowing Club four representing Queensland defeated the Albert Park Ladies in Melbourne. A return visit by the Victorian representatives in the following year resulted in a second Queensland victory on the Brisbane River by a mere two feet.

Competition between the States ceased during the First World War, 1915 to 1919, and resumption on 15th May, 1920, on the Hamilton Beach course of the Brisbane River introduced to the Interstate competition our two most prestigious perpetual rowing trophies, namely, the King's Cup for the men's eight-oared Championship and the United Licenced Victuallers Association of Queensland trophy for the women's four. The history of both of these trophies along with the other more recent perpetual trophies now presented annually to the successful Interstate Championship crews is contained later in this programme.

The central control of rowing in Australia became necessary to arrange and co-ordinate Australian International competition and assume responsibility for the now well established annual Interstate Championships, and following the Interstate regatta at Brisbane on 15th May, 1920, the Australian Women's Amateur Rowing Council was formed. The 1st May, 1925, heralded the formation of the Australian Amateur Rowing Council, and thereafter the two Councils conducted their affairs independently until 1976 when the amalgamation of both into the now renamed Australian Rowing Council secured a continuity of control and standardisation of regulations, the benefits of which will ensure the future growth and success of the sport, both here and overseas.

The Second World War again interrupted the Interstate Rowing Championships, there being no men's competition between the years 1940 and 1945, and a curtailment of women's races between 1942 and 1948. On resumption, the need for Australian representation at International meetings became more evident, and the addition of test races in other classes of boats became a regular feature at the Interstate title regattas.

The introduction of additional events to Interstate Championship status has provided annual competition for other classes of oarspersons, and we commend the foresight of the Rowing Councils in legislating for the inclusion of the Men's Lightweight Four in 1958, the Women's Single Scull in 1963, the Women's Lightweight Four in 1968 and, finally, in 1974 the Men's Youth Eight. The addition of Championships for Pairs and Double Sculls in 1953 failed due to lack of interest, and in 1955 these events were withdrawn.

In 1962 the Council made provision for the National Regatta to be conducted bi-annually over 2,000 metres to provide small boat competition regularly, thereby facilitating the selection of Australian representative crews for International competition, and substantially reducing the need for test races. The first Regatta programme comprised National championship events for four with cox, four without cox, pair with cox, pair without cox, double scull, lightweight eight, lightweight pair with cox and lightweight single scull. The development of the regatta witnessed the inclusion of additional classes of oarsmen along with schoolboy representatives, and since 1974 has been held annually in conjunction with the Interstate Championships. Resulting from the amalgamation of the National Councils in 1976, the combined National and Interstate Championship regatta now comprises a full programme for both men's and women's rowing and sculling races in all classifications.

1933	New South Wales	Brisbane	14-30				

History of the President's Cup

Following the formation of the Australian Amateur Rowing Council in 1925, the first President, Mr. E. C. Watchorn, a trustee of the Geo. Adams Estate controlling Tattersall's Sweep Consultations, donated the President's Cup as the perpetual trophy for the annual Australian Interstate Single Sculling Championship.

First competed for in 1926 and won by the late A.A. Baynes of Queensland, some famous Australian Olympians have been the holders of this trophy. The records of R.H. (Bob) Pearce, holder of the Cup on three occasions and Olympic Gold Medallist in 1928 and 1932, his cousin C.A. (Cecil) Pearce, four times holder and M.T. (Mervyn) Wood, holder on eight occasions and Olympic Gold, Silver and Bronze Medallist in 1948, 1952 and 1956 respectively and all representing New South Wales are well known.

1940 to 1945: No races held			

* E. Jack, first past the winning post, was disqualified for failing to comply with the amateur definition.

GLASS AND ENERGY

If you are building a new house or buying a renovator's dream, you should always consider its energy efficiency. An energy-efficient house minimizes costly heating and cooling bills and can keep you comfortable if you follow some simple design guidelines.

It is important to collect as much winter sun as possible to warm the house and this is done with large areas of north-facing glass. Once the solar energy is inside your house, it can be kept there by good insulation in the roof, the walls which incorporate double glazed windows, and in the floor. In summer, the same insulation keeps the house cool and the high sun can be kept out by shade awnings. Windows on the east and west walls should be glazed with solar control glass to stop the low summer sun overheating the house.

Pilkington ACI offers a range of specialised glasses to help you make your house more energy-efficient. For more information on the possibilities, please contact us on the numbers listed below.

HISTORY OF THE PENRITH CUP

The introduction of the Interstate Lightweight four-oared Championship in 1958 for oarsmen then weighing not more than 140 lbs., and for which the Penrith Cup was presented to the Australian Amateur Rowing Council by the Penrith City Council as the perpetual trophy, laid the foundation for this class of rowing in Australia.

The weight limit for lightweight competitors in Australia has varied from time to time between the States, however, since 1974, the year which heralded the first F.I.S.A. Lightweight Championship at which Australia recorded a Gold medal victory, the Internationally accepted lightweight limits have been adopted nationally.

HISTORY OF THE NOEL F. WILKINSON TROPHY

Recognising the necessity to introduce a class of rowing in which Australian Youth oarsmen could compete, the Australian Rowing Council initiated the Interstate Youth Eight-oared Championship at an age limit some eighteen months older than the Internationally accepted Junior age limit. The first Championship was conducted in Victoria in 1974, and in that same year, the Council accepted the offer by Noel Wilkinson to provide a perpetual trophy for the event.

Junior (age limit) events for other classes of boats now forming part of the National Regatta programme now collectively fulfil the purposes originally envisaged by both the Council and the Donor, namely, an incentive to young oarsmen to continue in the sport subsequent to completion of their secondary education by providing acceptable competition at a National level and foster their development into higher classifications.

HISTORY OF THE U.L.V.A TROPHY

Presented by the United Licenced Victuallers Association of Queensland to the Australian Women's Amateur Rowing Council in 1920, and affectionately known to Australian oarswomen as "Bertha", this handsome sterling silver trophy crafted in London depicts Dorothy Arnold Ekins, the petite girl from Mannum, holding her oar and dressed in the rowing garb of her day . . . floppy hat, sailor top and billowing bloomers!!!

Dorothy, a lightweight by today's standards, along with three other members of her home Club and representing South Australia, won the first Women's Interstate Four-oared Championship from New South Wales and Queensland in a time of 4 minutes 55 seconds.

COMMUNICATIONS PTY LTD HAVE SUPPORTED THE REGATTA ORGANISATION BY DONATING A FACSIMILE MACHINE FOR USE THROUGHOUT THE DURATION OF THE CHAMPIONSHIPS.

HISTORY OF THE VICTORIA CUP

At the first Women's Interstate Lightweight four-oared Championship contested on the Yarra River in Melbourne, a victory was recorded by Victoria with a crew stroked by one of Australia's best known oarswomen, Margaret Agnew McKenzie, whose efforts in negotiating with the Women's Rowing Council secured lightweight rowing as an annual event on the women's Interstate rowing programme. The Victoria Cup, presented by the Victorian Ladies' Rowing Association, is the perpetual trophy for this event.

Lightweight women have recorded International victories, the first being at the inaugural competition between the United States of America, Canada and Australia at St. Catherines, Canada, in 1979, when Australia was successful in the two events for which crews were entered — Lightweight Four with Cox and Lightweight Pair with Cox.

HISTORY OF THE NELL SLATTER TROPHY

Dating back to 1901 at the great Federation Regatta staged on Albert Park Lake, Cassie Woolly McRitchie representing Victoria and using a skiff loaned to her by the then Governor of Victoria, Lord Brassey, defeated her challenger from Sydney, Elizabeth Messenger, and was presented with a magnificent pearl and ruby bracelet by the Duke of Gloucester. So great was the public interest in the female scullers that police were required to keep the inquisitive spectators at bay. At the great age of 96 she passed away in 1973, and will for all time be remembered as the founder of the first all women's rowing club at Albert Park in 1907. Cassie McRitchie is justifiably known as the "mother" of Victorian women's rowing.

First introduced in 1963 at Brisbane, the Women's Interstate Single Sculling Championship has continued as an annual event for which the Nell Slatter Trophy, presented by the Queensland Women's Rowing Association as a tribute to the then President, is the perpetual trophy.

RECORD OF THE WOMEN'S INTERSTATE SINGLE SCULLING CHAMPIONSHIP OF AUSTRALIA (NELL SLATTER TROPHY)

Year	Won by	Time	Year	Won by	Time	Year	Won by	Time
1963	H. Evans (N.S.W.)		1971	V. Bertrand (Vic.)		1979	M. Renouf (Vic.)	
1964	H. Evans (N.S.W.)		1972	E. Cato (N.S.W.)		1980	M. Renouf (Vic.)	4-19.98
1965	M. Hansen (N.S.W.)		1973	S. Graham (Q'land.)		1981	M. Renouf (Vic.)	3-55.1
1966	E. Thorne (Vic.)		1974	S. Graham (Q'land.)		1982	M. Renouf (Vic.)	3-35.9
1967	E. Thorne (Vic.)		1975	C. Iverson (N.S.W.)		1983	M. Renouf (Vic.)	3-45.5
1968	M. Clarke (N.S.W.)		1976	C. Iverson (N.S.W.)		1984	A. Piper (N.S.W.)	3-51.2
1969	J. Adam (N.S.W.)		1977	E. Adams (N.S.W.)		1985	A. Ferguson (Qld.)	8-03.8
1970	J. Adam (N.S.W.)		1978	E. Adams (N.S.W.)		1986	A. Voorthuis (N.S.W.)	7-57.53
