AUSTRALIAN ROWING CHAMPIONSHIPS and KINGS CUP

LAKE BARRINGTON
MARCH 28 — APRIL 1

LAKE BARRINGTON — VENUE FOR 1990 WORLD ROWING CHAMPIONSHIPS

History of the King's Cup

First won in 1919 at the Henley-on-Thames Regatta held on 2nd to 4th July of that year, this handsome trophy, a substitution for the Grand Challenge Cup race of that year, was presented by His Majesty King George V to the successful A.I.F. No. 1 crew which, along with seven others, contested the eight-oared race for competition between crews from the armies of the Allies in the 1914-1918 War.

The successful crew comprising Sgt. A.A. Robb, Derwent Rowing Club (Tas.), 11st. 10lb., bow; Lieut. F. A. House, Derwent Rowing Club (Tas.), 11st. 12lb., 2; Lieut. T. McGill, Leichhardt Rowing Club (N.S.W.), 12st. 10lb., 3; Gunner A.V. Scott, Murray Bridge Rowing Club (S.A.), 13st., 4; Lieut. H. Hauenstein, M.M., Leichhardt and Balmain Rowing Clubs (N.S.W.), 13st. 9lb., 5; Major S.A. Middleton, D.S.O., Glebe and Sydney Rowing Clubs (N.S.W.), 13st. 6lb., 6; Gunner G.W. Nettam, West Australian Rowing Club (W.A.), 11st. 12lb., 7; Captain H.C. Disher, Melbourne University Boat Club (Vic.), 11st. 1lb., stroke; Sgt. A.E. Smedley, Sydney Rowing Club (N.S.W.), cox, defeated the A.I.F. No. 2 crew in the first heat, Cambridge University in the semi-final and Oxford University in the final by a margin of one length in a time of 7 minutes 7 seconds, the other competitors being Canada, France, New Zealand and United States.

The famous trophy was left in the custody of the Australian Military Authorities, and was later handed over to the Australian War Memorial Council and placed in the Australian War Museum. On 14th May, 1920, at a conference of delegates of the Australian Rowing Associations held in Brisbane, it was decided to ask the Australian War Memorial Council for the Cup as a perpetual trophy for the Australian eight-oared Championship. This request was refused, and on 12th October of the same year a further request was made by the Victorian Rowing Association for the Cup, with the suggestion that it be kept in the Australian War Museum of the State which won the race each year. This request was also refused.

The second refusal precipitated further action by the Victorian Rowing Association, and a petition to the King prepared by it dated 30th October, 1920, and signed by Captain H.C. Disher, was sent to His Majesty with the request that he make known his wishes with regard to the disposal of the trophy. A reply dated 13th May, 1921, received from the Secretary of State for the Colonies, Mr. Winston Churchill, stated that "His Majesty commands me to inform you that it is his wish that the Cup should be used as a permanent trophy and be competed for annually in the Interstate Eight-oared Race of Australia".

The trophy was, in fact, won twice; first by the Australian oarsmen in three strenuous races and then by the Australian Rowing Administrators in three equally strenuous contests with the Australian authorities who had taken possession of it.

The photograph on the front cover was kindly donated by Tasmap — a division of the State Department of Environment & Planning.

MESSAGE FROM THE PREMIER HON MICHAEL FIELD, MHA.

It is with great pride that I welcome all competitors, guests and officials to the 1990 Country Road Kings Cup and National Rowing Championships at Lake Barrington.

This is the third national regatta to be staged at Lake Barrington since it was opened in 1984, an indication of the excellent standard of the venue and Tasmania's great interest in the sport.

The Tasmanian Government has spent more than \$1.6 million preparing this world class rowing complex and enhancing the natural beauty of the surroundings.

This guarantees competitors and spectators alike of the very best facilities.

I wish you all success in the competition and trust that you will find some time to travel into other regions of the State to sample a little more of its beauty and the hospitality of Tasmanians.

I look forward to welcoming many of you back later in the year for the World Rowing Championships - only the second time the event has been staged in the Southern Hemisphere.

Congratulations to the Tasmanian Rowing Council and best wishes to all competitors.

**Michael Field
PREMIER**

OFFICE BEARERS 1989/90 AUSTRALIAN ROWING COUNCIL INC.

President: Mr Reg McKay
Secretary: Ms Margot Foster
Treasurer: Mr Noel Wilkinson B.E.M.
National Executive Director: Mr Robin Poke
National Director of Coaching: Mr Peter Stocker

COUNCILLORS

Mr David Schier O.A.M. — Tasmania
Mr Steve Hinchy — Queensland
Mr John Lanning — New South Wales
Mr Graeme McCall — Victoria
Mr Bryan Draper — South Australia
Mr Berry Durston — Western Australia

OFFICE BEARERS — 1989/90 TASMANIAN ROWING COUNCIL INC.

President: Mr David Schier O.A.M.
Secretary: Mrs Patricia Pitman
Treasurer: Mr David Rattray
Chairman: Mr Michael Banks
Director of Coaching: Mr Tim McLaren
Vice Presidents: Messrs G. Bligh, P. Harvey, C. King & S. Westlake
Delegates: Messrs J. Bolton, P. DeHaan, R. McCarthy, P. McGuffie,
G. Pryor, L. Smith & M. Tippet
Life Members: Messrs S.C. Hammond, A.R.T. Griffiths, A.H. Willett & M.J. Williams

The Australian Boat Race Officials forming the jury for the conduct of the 1990 Country Road Australian Rowing Championships are as follows:

J.M. Dowrie	
M.R. Leonard	
R.T. Pennington	
B. Cundell	G.J. Mitchell
B.S. Draper	I.A. Moy
B.H. Durston	R.O. Murphy
S. Hinchey	J. St. Vincent Welsh
P.J. Huggett	D. Taylor
P.M. McGuffie	S. Wood
R.N. McKay	B. Woolfitt

These Australian licenced officials will be supported by licenced members of the Boat Race Officials of Tasmania.

PRESIDENT'S MESSAGE

Welcome to Tasmania.

Following Cyclone Ned in Western Australia last year, Australia's oarsmen and women will no doubt be keen to race at Lake Barrington.

The Australian Rowing Council welcomes our major sponsor, Country Road, to the national and interstate regatta. The company's assistance enables us to continue a tradition of competitive interstate rowing dating back over 100 years.

During the past six months, Australian rowing has become one of seven elite sports identified by the Federal Government, through the Australian Sports Commission, as worthy of special financial assistance. These funds will help our coaches, oarsmen and oarswomen as they endeavour to win medals up to and at the 1992 Olympics in Barcelona. The ASC is then to review further funding.

Our rowing plan, largely the work of recently appointed National Coaching Director Peter Stocker, will involve athletes from talent identification programs right through to our elite rowers. Truly an exciting two years lies ahead.

Council is extremely grateful to the ASC and the AIS for the significant support to our elite teams. It should be noted we are now the Commission's second highest funded sport.

This year the Australian Olympic Federation has worked together with the ASC, and the forward planning grants from the AOF will help our international crews compete in Europe and at the world championships at Lake Barrington. Our thanks also to Qantas, Australian Airlines, and the Rothmans Foundation for their continued support.

We welcome Ted Bromley to the regatta. Ted is another of Australian rowing's major benefactors, having contributed a grant that will fund our pair-oared crews well into the 21st century. His was a truly magnificent gesture.

Our sincere gratitude to all other sponsors and supporters of Australian rowing.

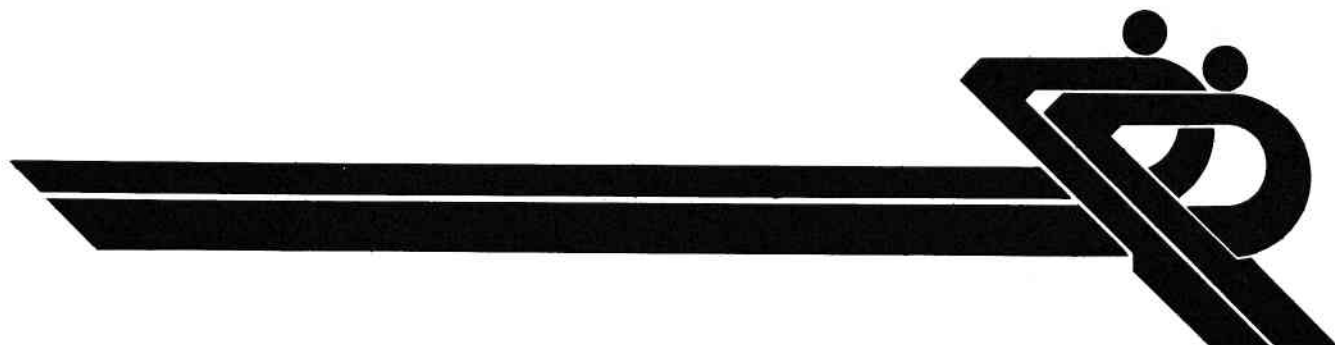

May I welcome to the Regatta the President of F.I.S.A., Denis Oswald, its Secretary-General, John Boutlbee and F.I.S.A.'s continental representative Don Rowlands, and wish them an enjoyable stay in Tasmania and Australia.

We again have great pleasure in extending our special greetings to their Excellencies the Governor-General Bill Hayden and Mrs. Hayden. We know his Excellency is looking forward to presenting the King's Cup to the winning State's eight.

We thank the Chairman of the Organising Committee, David Schier, the many members of his committee and the many other volunteers for their efforts in organising these championships.

Finally, to all competitors, we wish exciting racing over the next five days, knowing that this year Australia will boat its largest team in the history of the sport.

1990 COUNTRY ROAD AUSTRALIAN ROWING CHAMPIONSHIPS

CHAIRMAN'S MESSAGE

In a position of honour as Chairman of the Organising Committee for the 1990 Australian Rowing Championships and King's Cup, it is a most pleasant duty to welcome the many participants in and friends of rowing to Lake Barrington and Tasmania.

Our rowing venue of renown has once again revealed its magnetic qualities by attracting the finest rowers and coaches from New Zealand and Australia and also some most distinguished guests from F.I.S.A. and the corporate community. A special greeting is extended to Their Excellencies, the Governor-General, Mr. Bill Hayden and Mrs. Hayden and the Premier of Tasmania, Mr. Michael Field and Mrs. Field.

We are privileged to receive the company of Mr. Denis Oswald of Switzerland, the President of the Federation Internationale Des Societes D'Aviron and successor to a man whose affinity for Lake Barrington was manifest, the late Thomas Keller Esq.

Denis is joined by a true friend of Australian rowing, Mr. Don Rowlands MBE, from Auckland, the Australasian delegate to F.I.S.A., together with a man whose career in rowing and Australian sport generally is widely recognised and indelibly etched, the now Secretary-General of F.I.S.A., Mr. John Boutlbee AM.

Look around you at the lake and you will see the finishing touches to the rowing course, steering markers, aligner's platform, start pontoons, starter's tower, spare oar barge, service barge, launch pontoons, additional carparking, hillside spectator terracing, public address system, boat jetty, boat mooring positions, accommodation units, judges' tower, control room and so on.

To the outstanding credit of the Tasmanian Government and its highly professional public servants, especially in the Departments of Sport, Lands and Construction, these facilities are ready not just for the world championships in 215 days, but for our national championships. Rowing salutes Premier, the Honourable Michael Field MHA, and Mr. Harry Holgate MHA, the Minister for Sport and the members of the previous state government for their role in this accomplishment.

There is one cogent reason why the rowing course at Lake Barrington is situated where it is — simply, it provides the best conditions for rowing, being a fair course of aesthetically pleasing and memorable dimension. The presentation of the general facilities had been competently managed at lakeside by Mr. Rod Baker, his colleague, Mr. Peter Morse, and other contractors and workers.

I challenge the rowers to take full advantage of the fair course and facilities to entertain us with personal best performances on the water and to exude fellowship on land.

I am sure that you will enjoy the action this week for a number of reasons due not only to the contribution by our Organising Committee, but to the commitment to rowing of our sponsors.

Australian rowing is travelling beautifully with principal sponsor COUNTRY ROAD. We raise our competitive and administrative oars in salute to Executive Manager, Stephen Bennett and company members. COUNTRY ROAD ROWING is a natural theme marking the association of a quality company and product with a sport of fine tradition and standing within the community.

The COUNTRY ROAD support is complimented by previous and respected friends of rowing, APPM-Reflex and Pilkington and some welcome members, Pepsi 7-UP, Cascade Fruit Juices, Goliath Portland Cement, the 1996 Melbourne Olympic Bid Committee and many official suppliers and donors of services.

I close my greeting with a message of reward. For many reasons, the organisation of the championships this year has been a most profoundly difficult task. Yet, it will proceed smoothly and successfully because I have been fortunate to lead in the position of stroke, a dedicated, reliable and disciplined crew comprising the 11 members of our Organising Committee. All have performed with distinction, but special mention is reserved to Messrs Ray Waldie, George Bligh, Guy Scott, Ian Winter and David Rattray whose efforts when challenged by complex issues have been sound and of incalculable benefit.

David Schier OAM
Chairman, Organising Committee

Government Representatives
- 12.00 pm** **SPONSORS LUNCHEON**
Venue: Facilities Building
Attendees: VIP'S/ARC/OC/TRC/Corporate Sponsors
- 3.30 pm** **CLOSING CEREMONY**

Notice to Competitors

Secretary's Office: The Regatta Secretary's Office is located upstairs in the main facilities building adjacent to the Finish.

Weigh-in Station: The Weigh-in station is located in the Boat-House; entry through door on northern end. Scales will be available for test weighing from approximately 1.30 p.m. on Monday 26th March 1990.

Boat Weighing: The boat weighing will be situated in the Boat-House.

Starting Times: Competitors are to be within the Start Zone five minutes before the time appointed for starting their event, and must be in their starting position at least two minutes before the laid down time for the start of their event.

Late arrivals: The Starter may warn or exclude from the race any crew arriving at its starting position less than two minutes before the scheduled starting time. A warning has the same effect as one given for a false start.

Starting Procedure: As soon as the Judge at the start indicates that the boats are properly aligned by raising a white flag, the Starter raises a red flag — the Starter shall give the warning command "ARE YOU READY" and, after a clearly marked pause, the starting command "GO" at the same time lowering the red flag to one side.

False Start: If a crew starts too soon, the Starter stops the race by ringing a bell and then waving a red flag. In the case of a false start the Starter warns the offending crew or crews. A crew causing two false starts shall be excluded from the race.

Equipment Damage: If a crew while still on the first 100 metres of the race indicates that it has suffered damage to its boat or equipment, the Starter or Umpire stops the race. The signal by an Umpire to stop the race shall be by ringing a bell and waving a red flag.

Umpire's Directions: The Umpire may not steer a crew unless there is an obstacle in its lane. If a crew is about to impede another by its wash or by leaving its lane, the Umpire raises a white flag and calls the crew at fault, indicating the required change of direction by lowering the flag to one side. If a crew is about to cause a collision, the Umpire may call its attention by raising the white flag and stop it by giving the command "STOP". Crews interfering with their opponents may be excluded from the race.

Finish: The Judges at the finish shall indicate the crossing of the line by the winning crew and each other crew in the race by sound signal.

Coxswains: Coxswains shall weigh in a 3.30 p.m. on Tuesday 27th March 1990, or not more than two hours and not less than one hour before their first race in the regatta.

Lightweight Competitors: Lightweight competitors shall weigh in not more than two hours and not less than one hour before their first race on each day of racing.

Competing Boats: The bows of all competing boats shall be fitted with a white ball 4cm. in diameter in soft rubber or similar material unless the bow is so constructed as to afford equivalent protection and visibility.

Lane Numbers: All competing boats shall carry a numbered disc showing the lane number in which it will race in each event. Lane number discs will be supplied by the Regatta Officials at the launching area, and must be returned to them immediately upon the return of each crew to the launching area.

Scratchings: Scratchings shall be notified at the Secretary's Office at the earliest possible time, but not less than one hour before their respective event.

Substitutes: Substitutes in any crew shall be notified at the Secretary's Office and shall be made in accordance with regulation 5.10(i).

Winning crews: All winning crews and scullers are to proceed direct to the Victory Dais for the presentation of trophies and medallions immediately after the race concludes. Other competitors are required to wait for the winner to lead the way to the Dais, after which they should proceed in an orderly line (preferably in order of finishing, 2nd to 6th) back to the launching pontoons.

Briefing of Competitors: A meeting of coaches, rowers, coxswains, scullers, umpires and starters shall take place in the Facilities Building at Lake Barrington at 4.30 p.m. on Tuesday 27th March 1990.

A further meeting specifically for school competitors shall take place in the Facilities Building at 4.30 p.m. on Thursday 29th March 1990.

POWER BOAT USAGE

The course shall be CLOSED to all power boats, except official craft from a point 250 metres north of the START to a point 250 metres south of the FINISH; from one hour prior to the scheduled starting time of the first race each day, until half-an-hour after the conclusion of the final race for the day.

At other than the above times, coaches may launch and retrieve power boats from the Davies Bay wharf area immediately behind the finish line PROVIDED they do not follow crews in the vicinity of the course proper. Rowing training accompanied by a power boat may be undertaken in the area of the lake south of the finish line — this area being approximately 8 kms of usable waterway.

BOAT TRAFFIC RULES

1. **Procedures for Boat Launching:**
Four pontoons numbered from south to north.
Crews **returning to land** may use only pontoon 1 and pontoon 2.
Crews **going out** may use only pontoon 3 and pontoon 4.
2. **Boat Traffic Rules During Competition Period:**
 - a) The warm up area is a busy area, south of the start. Crews must move in anti-clockwise direction. Any crews wishing to warm up behind start area, crossing of course will be confined to an area within 100 metres of the start line. **Crews should seek permission to cross the course** from the starter before crossing the course. All traffic travelling towards the start from the launch pontoons will be along the eastern side of the course.
 - b) At the completion of races there is an extensive cool down area south of the course past the finish line.
 - c) Crews must proceed past the green buoys beyond the finish line before turning to return to the pontoons.
 - d) Crews will return to pontoons 1 and 2 by passing between the judges tower and lane 1 along the outside of the **eastern side** of the course.
 - e) On finals days there will be a boat marshall beyond the finish line to assemble crews for return to the victory dais and/or launching pontoons.
3. **Boat Traffic Rules During Training Period:**
 - a) On competition days the course will be closed for training from **45 minutes prior to the starting time for the first event**. The course must be cleared by this time.
 - b) During training periods the eastern side of the course including lanes **0 and 1** will be for traffic moving towards the start. The western side of the course including lanes **3 to 7** will be for traffic moving south towards the finish line.
 - c) **Lane 2 will be closed to all crews** and reserved for movement of safety/security craft.
 - d) All rowing within the lanes on the course will be **non-stop 2000 metres**. Crews practising starts or intending to stop along the length must train outside of the lanes. These crews must maintain watch for crews behind them.
 - e) Crews must pass the green buoys beyond the finish before turning.
 - f) **Crossing of the course** will only be permitted in the area 100 metres of the start line.

Caution: There are few landing places elsewhere on the lake for either crews or power boats, and the northern reaches toward the Devil's Gate Dam occasionally become fairly rough.

All these traffic rules and rules of rowing are to protect and ensure the safety of all competitors. Any directions from marshalls or safety boats **MUST BE OBEYED** and crews disobeying these directions will be referred to umpires jury for an appropriate penalty.

● THE WAY TO THE FINALS ●

1-6 crews	All crews go directly to Final
7-8 crews	2 Heats — each winner to Final
	1 Repechage — first four to Final
9-12 crews	2 Heats — each winner to Final
	2 Repechages — first two in each to Final
13-15 crews	3 Heats — first three to Semi-Final
	1 Repechage — first three to Semi-Final
	2 Semi-Finals — first three in each to Final
16-18 crews	3 Heats — each winner to Semi-Final
	3 Repechages — first three in each to Semi-Final
	2 Semi-Finals — first three in each to Final
19-24 crews	4 Heats — each winner to Semi-Final
	4 Repechages — first two in each to Semi-Final
	2 Semi-Finals — first three in each to Final
25-36 crews	6 Heats — each winner to Semi-Final
	6 Repechages — each winner to Semi-Final
	2 Semi-Finals — first three in each to Final

The power of

Concrete

Concrete is the foundation of tomorrow's standard of living. Wherever you look in today's modern world, bridges, buildings, roads, dams and the many important structures we use every day need concrete.

Similarly, electricity is fundamental to our modern world. The 80m high Devils Gate Dam, containing 38,000m³ of concrete, generates an average 300 million kilowatt hour units of electricity for Tasmanian homes and industry.

A double curvature arch dam, retaining the 18km long Lake Barrington, has a flood discharge rate of 2,000m³ per second.

Concrete provides the strength behind the power behind the switch.

GOLIATH PORTLAND CEMENT COMPANY LIMITED
RAILTON, TASMANIA 7305.
Telephone: (004) 961202, TELEX: AA59184 FACSIMILE: (004) 96 1484

RACE PROGRAM FORMAT

The lane draw for elimination heats to be conducted on Wednesday 28 March 1990 shall be held at 7.00pm on Monday 26 March, 1990, in the Facilities Building.

The lane draw for heats of School events shall be conducted at 2.00pm on Thursday 29 March, 1990.

Any known scratchings that can be notified prior to these draw times will greatly assist the orderly conduct of elimination heats.

For events where there are six or less entries, the number allocated to each crew/sculler represents its lane number in the straight out Final of that event on either Saturday or Sunday.

For all events where entries exceed six, the clubs and schools are entered in the program in alphabetic sequence and bear no reference to lane draw which shall be undertaken as detailed above.

Dependent on any scratchings from the heats there may be some minor modifications to times of Repechages on Thursday's program and competitors are advised to closely monitor the daily draw sheets for any amendments which should not be greater than 15 minutes.

The start time listed in the program represents that of the first heat/repechage/semi-final for each event, and the intervals to subsequent heats/repechages/semi-finals for that event are as shown at the top of each day's program — 6 minutes on Wednesday, and 7 minutes on Thursday and Friday.

WEDNESDAY — 28TH MARCH 1990 (6 Minute Intervals)

0905	SANDY BAY	HEADLAM Lisa, JOHNSTONE Louise, REARDON Michael (Coach).

Our secret weapon against the Greenhouse Effect

It's called a tree. In fact, it's a young tree - a eucalypt.

As you know, trees convert the most prevalent greenhouse gas, carbon dioxide, into life-giving oxygen.

But young, vigorously-growing trees do so much more efficiently than old mature ones.

Which is why the three million young eucalypts we plant each year do more than sweeten the Tasmanian air. As they reach skywards, they also gobble up carbon dioxide and thus slow the unwelcome warming of our planet.

Why not follow our lead and plant a few secret weapons of your own?

For your children's children, it could turn out to be a life-or-death decision.

The Right Balance

Event No. 10 (WLA2-) WOMENS LIGHTWEIGHT SENIOR A COXLESS PAIR

Trophy: N.S.W.R.A. Trophy

Title-Holder: Melbourne University (1989)

Heats: (3) Wednesday 10.00 am

30.05	CURTIN UNIVERSITY	EASTON Caroline, RODWAY Nicola, MAKEPEACE Ashley, PITTENDRIGH Sarah, PINKERTON Patricia (Coach).

Lake Barrington

BECAUSE WE ALL PULL TOGETHER

Even before work began in 1964 on the Mersey-Forth Hydro-Electric Power Development, it was obvious to the Hydro-Electric Commission that Lake Barrington would be a "natural" for water sport and family recreation

And that's why, before filling the lake the Hydro-Electric Commission arranged to make the waters safe.

It meant clearing between the high and low water mark — around the whole 56 kilometre shoreline of the lake. It meant taking all the usable timber and clearing and burying the resulting debris. In some cases, it

meant tying logs down so they wouldn't float to the surface

And the HEC's involvement doesn't stop there

When a major rowing event is held on the 2.5 kilometre international course the HEC tries to keep the level of Lake Barrington within 1 metre of the high water mark

Every time a boat slips into Lake Barrington, it does so because of a lot of forethought and quiet, careful work by the Hydro-Electric Commission

Hydro power and recreation go hand in hand in many parts of Tasmania

POWER WITHOUT POLLUTION

FOR THE BEST CREWS ...

... THE BEST RACING BOATS

SYKES - RACING AUSTRALIA

SIX out of eight crews representing Australia in the World Rowing Championships have chosen rowing equipment built in Australia by Jeff Sykes & Associates. Sykes Australia are now producing honeycomb sandwich super boats built to minimum weight requirements as laid down by F.I.S.A. For further information about our super boats or for a reliable standard racing shell, carbon oars or ergometers:

*THE 1990 COUNTRY ROAD AUSTRALIAN ROWING
CHAMPIONSHIPS AND KING'S CUP COULD NOT BE UNDERTAKEN
WITHOUT THE SECURITY AFFORDED BY THE PRESENCE OF THE*

ST. JOHN AMBULANCE

Imagine leaning against a window on the forty-fourth floor of the Rialto building. Only to discover there's no glass in it.

Imagine how much more exciting a visit to the Melbourne Zoo gorilla enclosure would be without the safety glass.

Imagine viewing some hungry sharks on the Great Barrier Reef from a glass bottom boat without the glass.

Imagine driving through Bullen's Lion Safari Park without any windows.

Imagine going through a car wash.

Imagine the Surfers Paradise real estate market without any ocean views.

Imagine a window seat on a non-stop flight to London without the safety glass in the window.

Imagine a large flock of seagulls circling above your skylight without the glass.

Imagine driving through a swarm of locusts at one hundred kilometres per hour without a windscreen.

Imagine an abundance of natural light in your home with everything else that blows in.

Imagine what today's crowd would look like without shaving or make-up mirrors.

Can you imagine life without us?

PILKINGTON

Australia's leading glass company.

HISTORY OF THE INTERSTATE AND NATIONAL ROWING CHAMPIONSHIPS OF AUSTRALIA

Interstate rowing competition in Australia originated in four-oared gigs, the first recorded race being held in 1863 on the Paramatta River in New South Wales over a distance of three miles. New South Wales and Victoria were the competing States, the first named being the winner in a time of 19 minutes 25 seconds. A number of contests followed in this class of boat between crews from New South Wales, Victoria and Tasmania, often with more than one Club crew from each State taking part in the competition.

Rowed in Melbourne over a distance of four miles in 1878, the first Interstate eight-oared race contested between New South Wales and Victoria was won by Victoria, and continued as an annual event between them until 1885 when Queensland and Tasmania joined the competition followed by Western Australia and South Australia in 1897 and 1899 respectively. The records show that up until 1890, New South Wales and Victoria were the principal contestants with New South Wales recording its first victory at the second meeting in 1879. Following their re-entry to the competition in 1890, Queensland recorded its first win in 1891, followed by Tasmania in 1906, South Australia in 1913 and Western Australia in 1921 at Launceston.

The first men's Interstate Single Sculling Championship won by M.J. Slack representing Queensland was rowed at Brisbane in 1892 in conjunction with the already well established eight-oared race, and since 1895 has been an annual event on the Interstate rowing calendar.

Interstate Challenge races for women commenced in 1912 when a Brisbane Ladies' Rowing Club four representing Queensland defeated the Albert Park Ladies in Melbourne. A return visit by the Victorian representatives in the following year resulted in a second Queensland victory on the Brisbane River by a mere two feet.

Competition between the States ceased during the First World War, 1915 to 1919, and resumption on 15th May, 1920, on the Hamilton Beach course of the Brisbane River introduced to the Interstate competition our two most prestigious perpetual rowing trophies, namely, the King's Cup for the men's eight-oared Championship and the United Licenced Victuallers Association of Queensland trophy for the women's four. The history of both of these trophies along with the other more recent perpetual trophies now presented annually to the successful Interstate Championship crews is contained later in this programme.

The central control of rowing in Australia became necessary to arrange and co-ordinate Australian International competition and assume responsibility for the now well established annual Interstate Championships, and following the Interstate regatta at Brisbane on 15th May, 1920, the Australian Women's Amateur Rowing Council was formed. The 1st May, 1925, heralded the formation of the Australian Amateur Rowing Council, and thereafter the two Councils conducted their affairs independently until 1976 when the amalgamation of both into the now renamed Australian Rowing Council secured a continuity of control and standardisation of regulations, the benefits of which will ensure the future growth and success of the sport, both here and overseas.

The Second World War again interrupted the Interstate Rowing Championships, there being no men's competition between the years 1940 and 1945, and a curtailment of women's races between 1942 and 1948. On resumption, the need for Australian representation at International meetings became more evident, and the addition of test races in other classes of boats became a regular feature at the Interstate title regattas.

The introduction of additional events to Interstate Championship status has provided annual competition for other classes of oarspersons, and we commend the foresight of the Rowing Councils in legislating for the inclusion of the Men's Lightweight Four in 1958, the Women's Single Scull in 1963, the Women's Lightweight Four in 1968 and, finally, in 1974 the Men's Youth Eight. The addition of Championships for Pairs and Double Sculls in 1953 failed due to lack of interest, and in 1955 these events were withdrawn.

In 1962 the Council made provision for the National Regatta to be conducted bi-annually over 2,000 metres to provide small boat competition regularly, thereby facilitating the selection of Australian representative crews for International competition, and substantially reducing the need for test races. The first Regatta programme comprised National championship events for four with cox, four without cox, pair with cox, pair without cox, double scull, lightweight eight, lightweight pair with cox and lightweight single scull. The development of the regatta witnessed the inclusion of additional classes of oarsmen along with schoolboy representatives, and since 1974 has been held annually in conjunction with the Interstate Championships. Resulting from the amalgamation of the National Councils in 1976, the combined National and Interstate Championship regatta now comprises a full programme for both men's and women's rowing and sculling races in all classifications.

RECORD OF THE MEN'S INTERSTATE EIGHT-OARED CHAMPIONSHIP OF AUSTRALIA (KING'S CUP)

Year	Won by	Rowed at	Time	Year	Won by	Rowed at	Time
1878	Victoria	Melbourne	No time	1936	New South Wales	Perth	16-22

In 1956 and from 1960 onwards, the race has been rowed over a distance of 2,000 metres.

History of the President's Cup

Following the formation of the Australian Amateur Rowing Council in 1925, the first President, Mr. E. C. Watchorn, a trustee of the Geo. Adams Estate controlling Tattersall's Sweep Consultations, donated the President's Cup as the perpetual trophy for the annual Australian Interstate Single Sculling Championship.

First competed for in 1926 and won by the late A.A. Baynes of Queensland, some famous Australian Olympians have been the holders of this trophy. The records of R.H. (Bob) Pearce, holder of the Cup on three occasions and Olympic Gold Medallist in 1928 and 1932, his cousin C.A. (Cecil) Pearce, four times holder and M.T. (Mervyn) Wood, holder on eight occasions and Olympic Gold, Silver and Bronze Medallist in 1948, 1952 and 1956 respectively and all representing New South Wales are well known.

HISTORY OF THE U.L.V.A TROPHY

Presented by the United Licenced Victuallers Association of Queensland to the Australian Women's Amateur Rowing Council in 1920, and affectionately known to Australian oarswomen as "Bertha", this handsome sterling silver trophy crafted in London depicts Dorothy Arnold Ekins, the petite girl from Mannum, holding her oar and dressed in the rowing garb of her day . . . floppy hat, sailor top and billowing bloomers!!!

Dorothy, a lightweight by today's standards, along with three other members of her home Club and representing South Australia, won the first Women's Interstate Four-oared Championship from New South Wales and Queensland in a time of 4 minutes 55 seconds.

HISTORY OF THE PENRITH CUP

The introduction of the Interstate Lightweight four-oared Championship in 1958 for oarsmen then weighing not more than 140 lbs., and for which the Penrith Cup was presented to the Australian Amateur Rowing Council by the Penrith City Council as the perpetual trophy, laid the foundation for this class of rowing in Australia.

The weight limit for lightweight competitors in Australia has varied from time to time between the States, however, since 1974, the year which heralded the first F.I.S.A. Lightweight Championship at which Australia recorded a Gold medal victory, the Internationally accepted lightweight limits have been adopted nationally.

HISTORY OF THE NOEL F. WILKINSON TROPHY

Recognising the necessity to introduce a class of rowing in which Australian Youth oarsmen could compete, the Australian Rowing Council initiated the Interstate Youth Eight-oared Championship at an age limit some eighteen months older than the Internationally accepted Junior age limit. The first Championship was conducted in Victoria in 1974, and in that same year, the Council accepted the offer by Noel Wilkinson to provide a perpetual trophy for the event.

Junior (age limit) events for other classes of boats now forming part of the National Regatta programme now collectively fulfil the purposes originally envisaged by both the Council and the Donor, namely, an incentive to young oarsmen to continue in the sport subsequent to completion of their secondary education by providing acceptable competition at a National level and foster their development into higher classifications.

			1990		

Rowing acknowledges the ongoing contribution of the State Department of Parks, Wildlife and Heritage for its maintenance of the Lake Barrington International Rowing Course. The Department's support and assistance in site preparations for the 1990 World Rowing Championships is particularly appreciated.

HISTORY OF THE VICTORIA CUP

At the first Women's Interstate Lightweight four-oared Championship contested on the Yarra River in Melbourne, a victory was recorded by Victoria with a crew stroked by one of Australia's best known oarswomen, Margaret Agnew McKenzie, whose efforts in negotiating with the Women's Rowing Council secured lightweight rowing as an annual event on the women's Interstate rowing programme. The Victoria Cup, presented by the Victorian Ladies' Rowing Association, is the perpetual trophy for this event.

Lightweight women have recorded International victories, the first being at the inaugural competition between the United States of America, Canada and Australia at St. Catherines, Canada, in 1979, when Australia was successful in the two events for which crews were entered — Lightweight Four with Cox and Lightweight Pair with Cox.

HISTORY OF THE NELL SLATTER TROPHY

Dating back to 1901 at the great Federation Regatta staged on Albert Park Lake, Cassie Woolly McRitchie representing Victoria and using a skiff loaned to her by the then Governor of Victoria, Lord Brassey, defeated her challenger from Sydney, Elizabeth Messenger, and was presented with a magnificent pearl and ruby bracelet by the Duke of Gloucester. So great was the public interest in the female scullers that police were required to keep the inquisitive spectators at bay. At the great age of 96 she passed away in 1973, and will for all time be remembered as the founder of the first all women's rowing club at Albert Park in 1907. Cassie McRitchie is justifiably known as the "mother" of Victorian women's rowing.

First introduced in 1963 at Brisbane, the Women's Interstate Single Sculling Championship has continued as an annual event for which the Nell Slatter Trophy, presented by the Queensland Women's Rowing Association as a tribute to the then President, is the perpetual trophy.

1989	K. Monitz Banks, Vic	Row Over

The best base for easy living is a solid concrete floor

Concrete floors have many proven advantages over timber.

They can save you up to \$3,400 on an average sized 150 sq.m. (16 sq.) home.

Concrete floors are solid and stable. They're simple and quick to construct.

They're comfortable and energy efficient...heating or cooling your house is easier and less expensive.

They also absorb unwanted noise. Concrete floors provide quick, easy access to your outdoor living area.

The 1990 World Rowing Championships will represent a very special sporting occasion for Australia. Not only will it be just the second time that this prestigious sporting spectacular has ventured south of the Equator, but it will be the first occasion that a world championship in an Olympic sport has been held in Australia's smallest state.

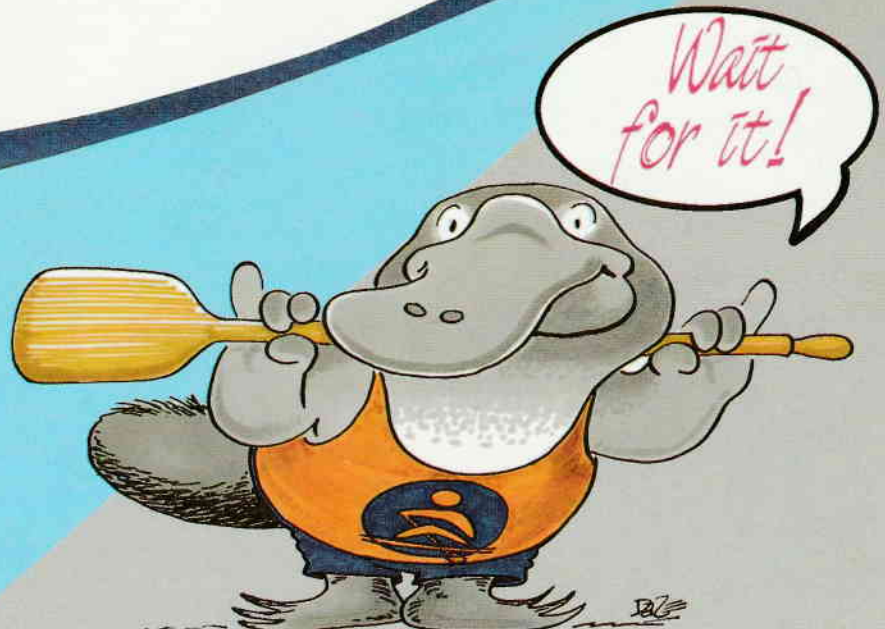

There is no question that the setting at Lake Barrington in the heart of Tasmania's North-West, provides one of the World's most spectacular venues for international sport. Nor is there any doubt that the very best in the World will come to the Lake to sample what have been widely acclaimed as some of the best conditions for world championship rowing.

Everyone associated with the organisation is working hard to ensure that Lake Barrington will be one of the most memorable World Championships ever held. No-one should hesitate in being part of it.

We would like very much for you to join us, if not as a competitor, then as an official, volunteer or spectator.

*Watch the world row,
watch Barrington.
BE THERE!*
